

Jonathan Portobanco

Front-End Developer

Alajuela, 20804, Costa Rica | portobanco51@gmail.com | +50672096621 | LinkedIn | GitHub

PROFESSIONAL EXPERIENCE

Aztec Promotional Group

11/2022 – present | Remote

Front-End Web Developer

- Revise, edit, proofread & optimize web content ensuring it's compatibility among responsiveness and SEO. Moreover, work with cross-functionality to enhance overall user experience.
- Own various design tasks involved in the web development life cycle from design to deployment.
- Collaborate as part of a team while taking the initiative to lead on new innovations and projects.

IBM

01/2021 – 11/2022 | Heredia, Costa Rica

Executive Administrative Assistant

- Execute various administrative tasks, including travel arrangements, scheduling, submission of expense reports, and other correspondence for Corporate Cloud & Development Team.
- Follow attainable project timelines and keep teams on task to complete milestones according to schedule; participating in scrum meetings as part of an agile team.

Amazon

Transportation Analyst (TRON)

03/2020 – 09/2020 | Heredia, Costa Rica

- Forecasted, researched and identified methods and areas to reduce freight costs and streamline processes to analyze and make recommendations for process improvements.
- Contributed to process optimization to minimize handling time, increase work efficiency and improve the 95% high confidence AI software tool behavior.
- Complement Amazon Robotics initiative in fulfillment centers that enables hands free active stowing learning from the TRON operator's input using Computer Vision and Machine Learning.

Technical Support Associate

04/2019 – 09/2020 | San José, Costa Rica

- Utilizes best practice processes around work assignments, project management, and quality of output while maximizing overall team performance.
- Assists customers by diagnosing problems and providing resolutions for technical and service issues.
- Provide Support based on email, phone, chat or ticket generated requests or reports about preventive maintenance, test and repair of equipment.
